## Introduction
This lesson covers the Refund and Amount You Owe sections of the return. There are several options for taxpayers to get their refund or pay tax they owe. It is important that volunteers are familiar with those options to better help taxpayers understand their refund and payment choices.

## Objectives
- Identify the applicable section and lines of Form 1040 for the refund or amount owed.
- Report the correct refund amount or amount owed.
- Identify the refund options available, including the purchase of savings bonds.
- Describe the different payment options for an amount owed.
- Revise the amount of tax withheld or make estimated tax payments to avoid underpayment.
- Identify the purpose and determine how to complete the Third Party Designee portion of the tax return.

## Topics
- Refund or tax due
- U.S. savings bonds
- Amount owed
- Estimated tax penalty
- Adjusting Tax Withholding
- Third party designees
- Avoiding common errors

## Key Terms
- **Form 2210:** Underpayment of Estimated Tax by Individuals, Estates and Trusts. While completion of the Form 2210 is out of scope, volunteers need to caution taxpayers they will receive a notice of an estimated tax penalty if it is applicable.
- **Form 9465:** Installment Agreement Request is used to request an installment plan for taxes owed.
- **Form W-4:** Employee's Withholding Allowance Certificate is completed by the employee and used by an employer to determine how much income tax to withhold from an employee's paycheck.
- **Form W-4P:** Withholding Certificate for Pension or Annuity Payments. The form allows taxpayers to tell payers the correct amount of federal income tax to withhold from payments.
- **Tax Liability (or total tax bill):** The amount of tax after nonrefundable credits have been subtracted. Taxpayers meet (pay) their federal income tax liability through withholding, estimated tax payments, and payments made with the income tax return.
- **Withholding Allowance:** Claimed by an employee on Form W-4.; an employer uses the number of allowances claimed, together with income earned and marital status, to determine how much income tax to withhold from wages.
- **Withholding Tax:** Income tax is withheld from the pay of most employees. Income tax may also be withheld from gambling winnings, pensions/annuities, unemployment compensation, and certain federal payments, such as social security. In some cases, income tax may be withheld on other types of income, such as interest or dividend income.

Remind students that taxpayers with an amount owed must file their return by the due date even if they cannot pay the full amount with the return.

Ask students to list the five types of payments that are acceptable (cash is not one of the options).

Recommend volunteers review the Balance Due Returns section in Pub 4012, Preparing the Return tab, whenever they have a return with an amount owed.

Explain the options taxpayers have if they cannot pay by the filing due date:
• Pay in full within 120 days with no fee using the Online Payment Agreement Application (OPA); interest and penalties are charged on payments after the April due date
• Monthly installment payments using Form 9465, with a fee in addition to interest and penalties

Emphasize to students that they can provide a valuable service to the taxpayer by being thoroughly familiar with the payment options.

Point out that interest and penalty are charged on tax that is due but not paid by the April due date. This is true even if the taxpayer is given a short-term extension to pay or an installment agreement.

Advise students to encourage taxpayers who cannot fully pay their tax amount owe, to pay as much as possible with their return to reduce these charges.

Point out that TaxSlayer automatically calculates the amount that is owed when the payment total is less than the amount of the tax.

### Estimated tax penalty

**Explain** that, while completion of Form 2210 is out of scope for VITA/TCE, it is important for students to know about the estimated tax penalty provisions.

**Discuss** the general type of situations that may cause a taxpayer to owe a tax penalty.

**Remind** students about the estimated tax penalty.

**Instruct** students on how TaxSlayer handles the estimated tax penalty, and explain that, if a penalty is due, the IRS will figure the penalty and send the taxpayer a notice.

**Ask** students to read the case study for a taxpayer who is likely to have a tax penalty.
