Form W-2 Instructions

**TaxSlayer Navigation:** Federal Section>Income> W-2; or Keyword “W”

Note: If the taxpayer has not received a W-2 from all employers by the end of January, they should contact their employer for the missing copy.

If a Form W-2 can’t be obtained from the employer, select the box to indicate this is a substitute W-2. TaxSlayer will generate a Form 4852, Substitute for Form W-2, Wage and Tax Statement. The taxpayer will need to provide total income and withholding from their year-end pay stub.

Indicate if W-2 is for Taxpayer or Spouse. The software will not allow you to proceed until this is completed.

If the taxpayer has an ITIN, you will be prompted to enter the ITIN or SSN as shown on the original W-2.

Compare the taxpayer’s address to Form W-2 address. If the address on the W-2 is different, correct the W-2 address here to match the original Form W-2. This won’t change the tax return address.

**Note:** A taxpayer with multiple Forms W-2 could possibly have a different address on several of the Forms W-2. Check them carefully; the change must be made on every Form W-2 that is different from the current address. Be sure to enter every item from the taxpayer’s original W-2 – key what you see.

Review Box 2 and box 17 to ensure tax withheld was entered and is correct.

The entries in boxes 3, 4, 5, 6 and 16 will auto-populate based on the Box 1 entry. If the figures don’t match taxpayer’s Form W-2, correct the data so that it matches the information on Form W-2.

If there is an entry in Box 10, Form 2441, Child and Dependent Care Expenses, must be completed.

IRS requires that information on electronically filed Form(s) W-2 match the printed Form(s) W-2 exactly if possible. For example, the name cannot be changed, and the software will not accept special characters.

If the taxpayer earned tips that weren’t reported to the employer, enter in the Unreported Tips box. This will add Form 4137, Social Security and Medicare Tax on Unreported Tip Income, to the return. If the taxpayer received tips that weren’t reported to the employer because they were less than $20 a month, go to Other Taxes, select Form 4137 and also enter the amount there. If a taxpayer wishes to use their tip log instead of allocated tips in box 8, leave box 8 blank and report it as unreported tips within the W-2.

For Boxes 12 and 14, choose the code from the drop-down menu and enter the dollar amount. If there are more than 4 items in Box 12, enter the items that impact the tax return (Code D, E, G, P, Q, T, W, AA, BB, EE).

Be sure to select the correct items for Box 13 as indicated on Forms W-2. This is important in calculating the deductibility of IRA contributions.

If statutory employee is marked, employment taxes are withheld by the employer, but the taxpayer will report income and deduct expenses using Schedule C. Re-enter income as statutory income on Schedule C Income screen. Also enter related expenses. Do not mix statutory employee income with other income on the same Schedule C.

Select from the drop-down list for Box 14. If the amount is eligible for the retirement saver’s contributions credit, select Retirement (Not in Box 12). Carry to Form 8880. To qualify for this treatment, the contribution must be a voluntary, not a mandatory, contribution.

Third party pay, Box 13, is taxable income and reported in Box 1.

A taxpayer may choose to include qualified Medicaid waiver payments in the calculation of earned income for the EIC and the ACTC. These are payments received for providing nonmedical support services under a plan of care to someone in the taxpayer’s home. If these payments were incorrectly reported in box 1 of Form(s) W-2, enter the amount again in the Medicaid Waiver Payment box. For more information about these payments, see Publications 17 or 525.

If the Form W-2 shows withholding from more than one state, select the Add State button to add the additional information.
