

Printing the Tax Return

A copy of the return can be printed by selecting the **Print A Copy** option from the drop down menu in the **Select Option** box. A copy of the tax return can also be printed from within the return. There are two (2) locations from which this option can be accessed. One (1) is located in the Summary/Print (also called Calculation Summary page). Choose the blue View/Print Return button. Once the PDF is generated, click on Print your 20XX Tax Return. The second print location is located under the e-File page. After the Federal & State Return Type, have been entered you will click on **Save**. The program will redirect you to the final e-File page. From this page click on the drop down arrow to choose number of copies, click on **Print Return** and choose the pages you wish to print..
