

# Navigating TaxSlayer® Pro Online (continued)

Select the **Begin** button to enter other state data applicable to the taxpayer. The federal and state information entered on the federal return will automatically pull into the state. When you have entered in all applicable state data items select **Continue**.

To **delete** a state return, select **State Return** from the left side of your screen. Select the **delete icon** next to the state that you would like to delete.

## Summary/Print Page

The **Calculation Summary** screen is an overview of each section of the tax return. Select the show details link located next to each item to view a breakdown of what items are included in the tax return. You can view and/or edit each item of income, adjustments, tax, payments etc. by selecting the link from the expanded list.

Select View/Print the Return to create a PDF of the return that can be printed or reviewed.

The screenshot displays the 'Calculation Summary' page in the TaxSlayer Pro Online interface. At the top, the 'Practice Lab' header is visible, along with 'Federal Refund' and 'MD Refund Amount' both showing '\$0'. A navigation menu on the left lists various return sections, with 'Summary/Print' selected. The main content area features a 'Calculation Summary' title, a 'Preview Return' button, and a section titled 'REASONS FOR NO EARNED INCOME CREDIT (EIC)' with a toggle switch. Below this, a table lists tax items with their respective amounts, all showing '\$0.00'. At the bottom, there are 'Back' and 'Continue' buttons.
