**Section A. All Supporting Organizations**

		Yes	No
<b>1</b>	Are all of the organization's supported organizations listed by name in the organization's governing documents? <i>If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.</i>		
<b>2</b>	Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? <i>If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).</i>		
<b>3a</b>	Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? <i>If "Yes," answer lines 3b and 3c below.</i>		
<b>b</b>	Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? <i>If "Yes," describe in Part VI when and how the organization made the determination.</i>		
<b>c</b>	Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? <i>If "Yes," explain in Part VI what controls the organization put in place to ensure such use.</i>		
<b>4a</b>	Was any supported organization not organized in the United States ("foreign supported organization")? <i>If "Yes" and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.</i>		
<b>b</b>	Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? <i>If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.</i>		
<b>c</b>	Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? <i>If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.</i>		
<b>5a</b>	Did the organization add, substitute, or remove any supported organizations during the tax year? <i>If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).</i>		
<b>b</b>	<b>Type I or Type II only.</b> Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
<b>c</b>	<b>Substitutions only.</b> Was the substitution the result of an event beyond the organization's control?		
<b>6</b>	Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? <i>If "Yes," provide detail in Part VI.</i>		
<b>7</b>	Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>		
<b>8</b>	Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? <i>If "Yes," complete Part I of Schedule L (Form 990).</i>		
<b>9a</b>	Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? <i>If "Yes," provide detail in Part VI.</i>		
<b>b</b>	Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? <i>If "Yes," provide detail in Part VI.</i>		
<b>c</b>	Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? <i>If "Yes," provide detail in Part VI.</i>

<b>b</b>	Did the organization have any excess business holdings in the tax year? <i>(Use Schedule C, Form 4720, to determine whether the organization had excess business holdings).</i>		

**Part IV Supporting Organizations** (continued)

		Yes	No
<b>11</b>	Has the organization accepted a gift or contribution from any of the following persons?		
<b>a</b>	A person who directly or indirectly controls, either alone or together with persons described on lines 11b and 11c below, the governing body of a supported organization?		
<b>b</b>	A family member of a person described on 11a above?		
<b>c</b>	A 35% controlled entity of a person described on line 11a or 11b above? <i>If "Yes" to 11a, 11b, or 11c, provide detail in Part VI.</i>		

**Section B. Type I Supporting Organizations**

		Yes	No
<b>1</b>	Did the officers, directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? <i>If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.</i>		
<b>2</b>	Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? <i>If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.</i>		

**Section C. Type II Supporting Organizations**

		Yes	No
<b>1</b>	Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? <i>If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).</i>		

**Section D. All Type III Supporting Organizations**

		Yes	No
<b>1</b>	Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (i) a written notice describing the type and amount of support provided during the prior tax year, (ii) a copy of the Form 990 that was most recently filed as of the date of notification, and (iii) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
<b>2</b>	Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization (s) or (ii) serving on the governing body of a supported organization? <i>If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).</i>		
<b>3</b>	By reason of the relationship described in line 2 above, did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? <i>If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.</i>

<p>Schedule H, Part II Community Building Activities</p>	<p>Line 2 - Economic development: As the largest employer in Southwest Virginia, Carilion impacts economic development by investing in jobs, increased wages for employees and various capital building projects. In addition, Carilion had in-kind economic development expenses from support of GO Virginia, Virginia's Initiative for Growth and Opportunity in each region, which aims to diversify and strengthen the economy across Virginia. Carilion also provided in-kind support for the Virginia Economic Development Partnership. Line 3 - Community support: Research demonstrates the strong connection between social determinants of health-such as transportation, housing and education -and communities' overall health and well-being. Carilion supports nonprofit organizations addressing barriers to good health arising from these social determinants in various ways. Carilion also collaborates with local partners to support better education and opportunities for children and families, and improved housing, better nutrition and additional resources for our neighbors in need. These efforts help remove a range of obstacles to good health for our region's residents. Through monetary donations and organizational support, Carilion Giles Community Hospital supported a summer reading program in partnership with the Pearisburg Public Library and provided support to Giles High School for various projects. Carilion also participates in the NRV Aging in Community leadership team, helping to address community factors impacting aging populations, and provided in-kind support to the Peterstown Rotary Club. Carilion also participates on the Giles Health and Family Center Board, working to increase support for families through childcare, transportation and adult day services. Line 6 - Coalition building: Carilion believes in the power of collaboration and understands that we must address our most significant health issues in concert with the community. To ensure lasting impact from the health assessment and community health improvement process, Carilion participates in coalitions that address health, safety and social determinant needs in the Giles County Area. We also partner with multiple community and business organizations on initiatives to improve health and wellness for everyone living in the Giles County Area. For example, Carilion staff participate in the FOCUS Network and Safe Kids Southwest Virginia. Line 7 - Community health improvement advocacy: Carilion believes in leveraging our efforts to support community health improvement across our footprint, as well as across Virginia. As such, our President and CEO participates on the Governor's Medical Advisory Team focused on community health and resiliency in the wake of the COVID-19 pandemic. Line 8 - Workforce development: With the understanding that employment is directly linked to health and wellness, Carilion partners to provide workforce development and training for community members. These efforts also develop a pipeline of future health care workers. In commitment to these efforts, Carilion Giles Community Hospital provides scholarships for students pursuing post-secondary education with a focus on health sciences. Additionally, Carilion supports the Virginia Foundation for Independent Colleges, helping to ensure educational opportunities lead to a stronger workforce and thriving communities.</p>
<p>Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount</p>	<p>Carilion Giles Community Hospital estimates bad debt expense by reserving a percentage of all self-pay patient accounts receivable by aging category, based on collection history, adjusted for expected recoveries and, if present, anticipated changes in trends.</p>

**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	Accounts receivable are stated at net realizable amounts due from patients, third-party payors, and other insurers for which Carilion Giles Community Hospital expects to be entitled in exchange for providing patient care. In accordance with Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606) (ASU 2014-09), the estimated uncollectible amounts are generally considered implicit price concessions that are a direct reduction to patient accounts receivable.
Schedule H, Part III, Line 8 Community benefit methodology for determining medicare costs	Medicare allowable costs are determined from the Medicare cost report using the cost-to-charge ratio. The hospital believes our Medicare shortfall is a cost we incur as a benefit to the community. IRS REV. RUL. 69-545 provides that one of the factors demonstrating community benefit is caring for patients who pay their bills through public programs such as Medicare. In order to operate for the benefit of the broad community that we serve we must include our significant Medicare population, even if we are required to subsidize care to our Medicare patients due to being reimbursed at less than cost by Medicare's nonnegotiable rates.

Form and Line Reference	Explanation
<p>Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance</p>	<p>When accounts receivable efforts are exhausted, the account may be placed with a collection agency and Extraordinary collection actions (ECAs) may be considered. Accounts will not be placed with a collection agency prior to 120 days from the date the first post-discharge billing statement is provided except when mailings are returned with no forwarding address and combining multiple accounts of varying age with those already transferred or for legal verification regarding other liabilities. Reasonable efforts will be made to identify appropriate forwarding addresses. When a Financial assistance application (FAA) is received during the application period (within 240 days after the date the first post-discharge billing statement is provided), but after initiation of ECAs, all ECAs will be suspended. Best efforts will be made to process completed applications within 30 days of receipt of the application, financial assistance eligibility will be determined and communicated to the individual. Incomplete applications must be completed within 30 days of the initial notification of additional items required; otherwise, the application will be deemed incomplete and closed. If an individual is eligible for financial assistance, ECAs, other than the sale of debt, will be reversed and any payments related to eligible care refunded to the extent no longer owed. ECAs will be reinstated if the individual is not eligible for financial assistance or does not complete the FAA by the deadline. At least 30 days before initiating an ECA, Carilion will send the patient written notice of intended ECA(s), a plain language summary explaining financial assistance available and the process for determining eligibility, and the deadline for applying for assistance. Carilion will also attempt to call individuals at least 30 days before initiating an ECA to make them aware of the financial assistance available and how to obtain assistance with the application process. Carilion shall enter into a written contract with any collection agency to which it refers bad debt. The contract will obligate the collection agency to observe and comply with Carilion's obligations under this Policy and the Financial Assistance Policy. A collection agency to which bad debt is referred for collection may not engage in any ECAs without the prior written consent of Carilion. After making reasonable efforts to determine if a patient qualifies for Financial Assistance and the patient either does not qualify for Financial Assistance or fails to submit an application as requested, within 240 days from the date the first post-discharge billing statement is provided, Carilion may engage in one or more of the following ECAs: 1. Place a lien on an individual's property; 2. Attach or seize an individual's bank account or any other personal property; 3. Commence a civil action against an individual; 4. Garnish an individual's wages; 5. Sell an individual's debt to another party; or 6. Report the account to credit agencies. Individual account balances greater than \$5,000 are not sent to a collection agency. These are handled through the Debt Recovery Department (DRD) for verification of Financial Assistance status before further collection activity occurs. DRD will also investigate any accounts that require special handling. For example, in cases of a deceased patient, auto accident, or any other unique circumstances requiring special handling, the accounts are placed with the DRD. When all collection efforts have been exhausted, all hospital accounts will be returned and closed as uncollectible. No further collection activity is taken at that time. Accounts with satisfactory payment arrangements, legal activity or accounts with pending payment will be considered active and are not returned.</p>

Schedule H, Part VI, Line 2 Needs assessment	<p>In addition to conducting regular Community Health Needs Assessments (CHNAs), Carilion Clinic closely monitors community health indicators and responds to needs as they arise. Each year, Carilion updates scorecards with refreshed County Health Rankings indicators provided by the Robert Wood Johnson Foundation. Carilion is also responsive to needs identified through clinical data and internal departments. Carilion's call center, Carilion Direct, is available for community members to ask questions and connect with community resources. Community health workers (CHWs) are also utilized to help address needs, and data is reviewed periodically to identify trends in health care needs of patients served by CHWs. Needs are also identified through current collaborative relationships and community partnerships. Ongoing collaboration with stakeholders allows for regular communication of needs and gives our partners opportunities to respond cohesively. Carilion has adapted its community health improvement process from Associates in Process Improvement's Model for Improvement and the Plan-Do-Study-Act cycle developed by Walter Shewhart. It consists of five steps: (1) conducting the CHNA, (2) strategic planning, (3) creating the implementation strategy, (4) program implementation, and (5) evaluation. This cycle is repeated every three years. Carilion fosters community development in its CHNA and community health improvement processes through the Strive Collective Impact Model for the Community Health Assessment Team. This evidence-based model focuses on "the commitment of a group of important players from different sectors to a common agenda for solving a specific social problem(s) and has been proven to lead to large-scale changes. It focuses on relationship-building between organizations and the progress toward shared strategies.</p>
Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	<p>Information on Financial Assistance is provided to the patient at hospital admission and ambulatory areas in the form of signage, a plain language summary which includes contact information, financial assistance application and documentation in the inpatient handbook. Patient Access staff, Hospital social workers and customer service representatives verbally inform patients on availability of assistance. Each patient statement and patient financial responsibility letter includes information on the Financial Assistance policy including who to contact for additional information and location of in-person assisters. The Application, the Policy, and the plain language summary are available free of charge to the patient. They are available by mail and on the web site if the patient did not receive written information at the time of service. Financial Assistance policy and application are also distributed to community partners through electronic mailing groups. Carilion Clinic employs an Eligibility staff that counsel patients on federal and state programs. The staff completes applications for Medicaid and provides information on Social Security, Social Security Disability and Medicare. The staff provides support services ensuring the applications are processed correctly based on federal and state policy. In addition, Eligibility staff are trained as Certified Application Counselors and will assist patients in enrollment in the Marketplace. Eligibility staff will also complete Carilion's financial assistance application and counsel patients on the requirements for financial assistance.</p>

<p>Schedule H, Part VI, Line 4 Community information</p>	<p>The Giles County Area, including Giles County, Virginia, and Monroe County, West Virginia, is the service area for the Giles County Area Community Health Needs Assessment (GCACHNA). Carilion Giles Community Hospital (CGCH) sits atop a hill in the town of Pearisburg, in Giles County. The county is a picturesque region of Appalachian America, with mountainous terrain, cliffs, rivers and streams. It is part of the New River Valley, which includes the counties of Floyd, Giles, Montgomery (including the towns of Christiansburg and Blacksburg) and Pulaski, and the independent city of Radford. Giles County is rural and topographically isolated with 47 persons per square mile compared 214 persons per square mile in Virginia as a whole. (US Census Bureau, ACS. 2017-2021.) The Giles County Area is comprised of distinct communities with disparities in size, population, and social determinants of health. The 2017-2021 ACS found the total population of the counties of Giles and Monroe to be 16,764 and 12,492, respectively, and median ages of 45.1 and 46.0, respectively. According to the Weldon Cooper Center for Public Service, Giles County is predicted to have slightly negative population change by 2040. The service area is predominately white, with results from the ACS reporting 4.30% of the population as persons of color. Average household income differs between the two counties and is well below the state of Virginia (\$111,013) and national (\$97,196) averages at \$67,057 for Giles County and \$58,736 for Monroe County. The service area also experiences a larger percentage of residents living below the federal poverty line- 12.36% for the service area overall averages at 10.26% for Giles County and 14.45% for Monroe County (US Census Bureau, ACS. 2017-2021.) Overall, 13.06% of the Giles County population receives Medicaid while 8.45% have no medical insurance. In Monroe County, 35.22% are receiving Medicaid while 12.14% are uninsured. (US Census Bureau, ACS. 2017-2021.) During FY22, 18.7% of patients receiving care at CGCH were Medicaid recipients, while 2.6% were self-pay. (Strata internal data) In addition to Carilion Clinic's two hospitals located in the New River Valley, Carilion New River Valley Medical Center and CGCH, the region is also served by LewisGale Hospital-Montgomery, located in the town of Blacksburg. Key safety-net providers in the region include the Community Health Center of the New River Valley Giles Center, the Giles County Health Department, New River Valley Community Services-including Giles Clinic and the community service board-and other service organizations . Despite the services available in the region, all of Giles County is a designated Medically Underserved Area (MUA) and a Health Professional Shortage Area (HPSA) for primary care, dental and mental health professionals. Monroe County is an MUA for primary care, an HPSA for dental care and an HPSA for primary care and mental health specific to the low-income population (<a href="https://data.hrsa.gov/tools/shortage-area">https://data.hrsa.gov/tools/shortage-area</a>).</p>
<p>Schedule H, Part VI, Line 5 Promotion of community health</p>	<p>Carilion Giles Community Hospital is part of the non-profit Carilion Clinic integrated health care system located among the Blue Ridge Mountains. Carilion provides quality care for nearly one million individuals through a comprehensive network of hospitals, primary and specialty physician practices, wellness centers and other complementary services. Carilion's roots go back more than a century when a group of dedicated citizens came together and built a hospital to meet the community's health care needs. Today, Carilion is a vital anchor institution focused on health care and dedicated to our mission of improving the health of the communities we serve. With an enduring commitment to our region's health, care is advanced through clinical services, medical education, research and community health investments. Carilion believes in service, collaboration and caring for all. Carilion invests in discovering and responding to local and regional health needs, understanding that we must involve additional stakeholders to address community health issues and create change effectively. Carilion recognizes the impact the environment has on the health of our communities. Efforts continue to make our hospitals and other facilities more energy-efficient, increase recycling and use of recyclable or bio-degradable materials, reduce waste materials and serve local, sustainable foods to patients and in our cafeterias. Carilion Giles Community Hospital (CGCH) is a modern, 25-bed Critical Access hospital, offering emergency services recognized nationally for quality and patient satisfaction in addition to high-quality inpatient care and an extended care recovery program (Swing Bed) that gives eligible patients an opportunity to grow stronger before going home. The main entrance serves as the access point for all walk-in patients needing emergency care, diagnostics, rehabilitation and other outpatient services. CGCH works to bring new services to the community as the need is identified (<a href="https://www.carilionclinic.org/locations/carilion-giles-community-hospital">https://www.carilionclinic.org/locations/carilion-giles-community-hospital</a>). CGCH serves all patients regardless of their ability to pay. The hospital's governing board is elected annually, and most members are neither employees nor contractors of the hospital. Medical staff privileges are extended to qualified providers. Surplus funds are reinvested in new technology, clinical initiatives, education and charitable efforts. This includes providing free, discounted and subsidized care as well as critical medical services that operate at a loss.</p>

Schedule H, Part VI, Line 6 Affiliated health care system	<p>Carilion Giles Community Hospital is wholly owned by Carilion Clinic, a not-for-profit health care organization based in Roanoke, Virginia. Carilion Clinic includes a comprehensive network of hospitals, primary and specialty physician practices, and complementary services consisting of six hospital entities, over 75 specialties and 282 practice sites across Southwest Virginia. All of these are centered on a common mission and shared values. In the mid-2000s, Carilion made the strategic decision to transform from a collection of hospitals to a physician-led, integrated health care system. Advances include developing a multi-specialty physician group, transforming our primary care practices into patient-centered medical homes, implementing electronic health records system-wide, and creating a robust partnership with Virginia Tech, including developing the Virginia Tech Carilion (VTC) School of Medicine and the Fralin Biomedical Research Institute at VTC. Each decision and adaptation have fundamentally changed the way Carilion collaborates and provides care (<a href="https://www.carilionclinic.org/about-carilion-clinic">https://www.carilionclinic.org/about-carilion-clinic</a>). Carilion's community and population health infrastructure is the health system's engine for providing collaborative opportunities to improve and promote the community's health. Carilion's Community Health Assessment process helps identify the strengths and barriers impacting health. Our community-based programs reflect the Robert Wood Johnson Foundation's framework of four main influences of health: health behaviors, social and economic factors, clinical care access and quality, and physical environment. Our many partnerships with cross-sector organizations create a collaborative culture of health and wellness. Carilion has a long history of working with Radford University and Jefferson College to advance health professionals' education. Founded in 1914 as the Jefferson Hospital School of Nursing, what became known as the Jefferson College of Health Sciences merged with Radford University in early 2018 to form Radford University Carilion (RUC). Located on the campus of Carilion Roanoke Community Hospital, this higher education institution "prepares, within a scholarly environment, ethical, knowledgeable, competent and caring healthcare professionals." Today, RUC provides more than 1,100 students with opportunities to become part of the health care profession, serving communities ranging from Southwest Virginia to the Shenandoah Valley and beyond. The school's graduates are building healthier tomorrows in our region and across the country every day.</p>

Schedule H, Part V, Section B, Line 3E	The publicly available community health needs assessment report details the prioritization process for the community's significant health needs as identified through the CHNA. The Community Health Assessment Team (CHAT), made up of community stakeholders, reviews all data and completes a prioritization survey. Through the survey, each CHAT member selects and ranks the most pertinent community needs. The data are combined and priorities are selected based on the highest weighted score of each need. Through this process, CHAT members prioritize needs according to the need's perceived burden, scope, severity or urgency; the importance the community places on addressing the need through survey responses and other interactions; and each member's unique perspective on community health.

Schedule H, Part V, Section B, Line 5 Facility , 1	<p>Facility , 1 - Carilion Giles Community Hospital. Carilion Clinic's Community Health Needs Assessments (CHNAs) are community-driven projects. Their success is highly dependent on e ngaging citizens, health and human service agencies, businesses and community leaders. Sta keholder collaborations known as Community Health Assessment Teams (CHATs) lead the CHNAs. The CHATs are a dynamic group that includes health and human service agency leaders, peop le with exceptional knowledge of, or expertise in, public health, and local health departm ent officials. The CHATs obtain input from leaders, representatives or members of med icall y underserved populations who report low-income, are minorities and suffer from chronic di seases. The following organizations served on the CHAT for the 2021 Giles County Area Comm unity Health Needs Assessment (GCACHNA): Carilion Clinic, Carilion Giles Community Hospita l, CHIP of the NRV-Giles County, Embrace Healthy Solutions, Giles Community Garden, Giles County Christian Service Mission, Giles County Special Projects, Goodwill Industries of th e Valleys, Monroe County Health Department, New River Health District, New River Valley Co mmunity Services, NRV CARES, Pearisburg First United Methodist Church, Virginia Cooperativ e Extension, Virginia Department of Corrections, Virginia Polytechnic Institute and State University (Virginia Tech), Virginia Tech Center for Public Health Practice and Research, Virginia Tech Cooperative Extension, Virginia Tech Institute for Policy and Governance, Vi rginia Veteran and Family Support, and Women's Resource Center of the NRV. To obtain input from the community, the GCACHNA included six target-population focus groups, one stakehol der focus group, and a 40-question community health survey that was administered broadly a cross the service area. This occurred from October 1, 2020, through January 31, 2021. The survey was developed (in English and Spanish) with questions about socioeconomic factors; access to medical, dental and mental health care; health behaviors; physical environment; health outcomes; and demographics. The survey included commonly used questions and metrics from previously validated community surveys conducted by organizations such as the Nation al Association of County and City Health Officials and Centers for Disease Control and Pre vention. A team of Virginia Tech public health/policy and governance stakeholders particip ating on the CHAT took the lead in planning, conducting and analyzing six virtual target-p opulation focus groups to gain further input from community members. During the CHNA proce ss, community stakeholders, leaders and providers were encouraged to complete a stakeholde r survey electronically to provide additional perspectives about our community's health ne eds and barriers. Schedule H, Part V, Section B, Line 11 Facility , 1	<p>Facility , 1 - Carilion Giles Community Hospital. The following information describes the implementation strategy used by Carilion Giles Community Hospital (CGCH) to address the community health needs identified in the 2021 Giles County Area Community Health Needs Assessment (GCACHNA). The complete implementation strategy is available online at <a href="https://www.carilionclinic.org/sites/default/files/2022-02/2021%20CGCH%20Implementation%20Strategy_FINAL%20APPROVED.pdf">https://www.carilionclinic.org/sites/default/files/2022-02/2021%20CGCH%20Implementation%20Strategy_FINAL%20APPROVED.pdf</a>. Per Regulation Section 1.501(r)-3(c)(5) the implementation strategy must be adopted before 4.5 months after the end of the taxable year in which the CHNA is completed. The implementation strategy was adopted on January 26, 2022 and applies for the 2020 tax year (fiscal year 9/30/2021). The top prioritized needs for the 2021 GCACHNA were grouped into three overarching categories: mental health, culture and family, and socioeconomic factors. We plan to address prioritized needs with the following strategies and through a commitment of financial resources, staff time and leadership. Strategies to address mental health include the expansion of peer recovery services and continuation of support to partner agency services and office-based opioid treatment (OBOT) clinics; active participation in mental health and substance misuse collaboratives, specifically the Giles Youth-Adult Partnership; and the exploration of options to expand community programming for substance misuse prevention/overdose first-aid (REVIVE) with added provision of medication lock bags. Progress made in 2022 on mental health strategies centered on maintaining what has been working well for our region and hospital system and establishing infrastructure to scale and prioritize that work. We have hired and onboarded a system-wide community workforce manager. This position will provide continued management support system-wide and is currently working to hire a peer support specialist at Saint Albans (located near CGCH at Carilion New River Valley Medical Center). We have also designated two of the three priority areas for community health interventions as "mental health and "substance use." We demonstrate continued commitment to working well with existing partner agency services and OBOT clinics, and maintain strong, active relationships with our community partner coalitions working to advance area mental health resources. Strategies to address culture and family needs include continued participation in collaborative community networks that are working to address cross-cutting social needs such as the social determinants of health and health equity issues-including Giles County FOCUS, Healthy Roots NRV and Partnerships for Access to Healthcare (PATH); the implementation of the Unite Us/Unite Virginia platform for social service referrals-including internal integration with our electronic medical record system and encouraging adoption by external community partners; providing or partnering to provide evidence-based and needs-fo</p>

Progress made in 2022 to address culture and family issues driven by participation in community coalitions, increasing capacity for strategic health education, and funding through our community grant process. We continue to maintain strong community relationships and participate in the networks mentioned above. We have hired and on-boarded a system-wide health education manager position, increasing infrastructure to redesign the health education departmental strategies to better meet community-identified needs, prioritize disadvantaged populations, and maximize impact (including reach and outcomes). We continue our commitment to finding solutions for increased community-based resource coordination and plan to launch a pilot of an external community resource referral resource, Unite Us, in March of 2023. Strategies to address socioeconomic factors include continued participation in collaborative community networks that are working to address cross-cutting social needs such as the social determinants of health and health equity issues including Giles County FOCUS and Healthy Roots NRV; provision of coalition development support to the Community Foundation of the NRV for Healthy Roots NRV; and participation in the Aging in Community leadership team. Progress made in 2022 to address socioeconomic factors has been driven by active coalition and network development participation and funding meaningful programs through our community grant process. In addition to the networks mentioned above, we have recently joined the NRV Housing Trust Fund Oversight Board-an effort spearheaded by the local Regional Commission to sustainably increase affordable housing across the region. Additional strategies to broadly address a culture of community health and its ties to each of the priority needs include developing a system-wide community health investment plan; further developing community health infrastructure; engaging employees in supporting community partnerships; and leveraging internal data to assess health disparities. Progress made in 2022 in our additional strategies category was closely aligned with increasing infrastructure and strategic impact. Increased staffing infrastructure in the Planning and Community Development division has opened opportunities to evaluate and update current processes to better communicate initiative rationale, program outcomes and expected community impact. Community Health and Outreach's community health worker (CHW) and peer support specialist programs have been integrated into the EMR system-increasing provider capacity for referrals to community health services and streamlining CHW and peer case management, tracking and reporting.</p>

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 11 Facility , 1	Continuing our commitment to care, the Planning and Community Development division is working closely with the Quality department and the office of Diversity, Equity, and Inclusion to identify and leverage internal data to identify any disparities in the communities we serve. Priority needs that are not being directly addressed by CGCH include child abuse, housing and transportation/transit system due to the limited ability to create impact with current resources. However, CGCH commits to contributing to work being done in these areas through the active, intentional building of and participation in coalitions and collaboratives looking to address these cross-cutting social issues.

Return Reference	Explanation
Schedule I, Part I, Line 2 Procedures for monitoring use of grant funds.	The hospital donates funds to other charitable organizations in support of health and community improvement. Such organizations also have community boards which oversee the expenditure of such funds. Carilion Clinic is committed to improving the health of the communities that we serve by addressing key health priorities identified through our triennial Community Health Assessments. Carilion fulfills this commitment in many ways, one of which is through targeted grants for community health improvement programs, and those that impact the social determinants of health. For Carilion Clinic's Community Grant Program, each grantee must sign a letter of agreement with Carilion Clinic that delineates the terms and specific objectives of the project. By accepting a Carilion award, grantees are asked to acknowledge the support of Carilion Clinic in all materials and/or related special events or fundraisers throughout the award cycle where other donors are publicly recognized. One mid-cycle progress report and a final program evaluation are required for each funded project. Site visits may be made to grantees. Program evaluation includes alignment with Community Health Assessment priorities, program impact, organizational effectiveness and community benefit through collection of data including clients served, cost effectiveness of the program (cost per client or service), tangible community or client outcomes, collaboration with other organizations, and specific efforts to cultivate diverse funding sources for program sustainability. Each grantee must agree to submit requested data and reports on a timely basis and to complete the evaluation process as requested.

Schedule J, Part I, Line 3 Arrangement used to establish the top management official's compensation	<p>The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation, including that of the Hospital Vice President, is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of independent Board members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders. This review included review of a comprehensive report from an independent, outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a comparison of total compensation and each element thereof, including base salary, bonus, 'at-risk and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, the list of which was reviewed by the Compensation Committee. The Compensation Committee maintained minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives.</p>

Schedule J, Part I, Line 4b Supplemental nonqualified retirement plan	Mr. Arner, Mr. Conte, Mr. Halliwill, and Mr. Vaughan participate in a Defined Contribution Supplemental Executive Retirement Plan (DC SERP). Contributions to the plan are at the discretion of Carilion Clinic's Compensation Committee. Amounts vest and become non-forfeitable and payable upon the first of the following (1) attainment of scheduled vesting date (2) attainment of age and years of service requirements (3) disability or death while an eligible employee or (4) entitlement to severance benefits from an involuntary termination without reasonable cause or resignation with good reason. Unvested contributions made to the DC SERP in the reporting period are included in Part II, Column C of this schedule with "retirement and other deferred compensation," while vested contributions paid out during the year are included in Part II, Column B(iii). The following distributions were made to these individuals under this plan in the reporting year. Deferred in prior year and paid out in current year: \$118,313 - Donald Halliwill \$64,231 - Steven Arner \$21,586 - G. Robert Vaughan, Jr. Ms. Agee participated in an executive flexible benefit plan, in which an allowance is provided annually to the participant for use in obtaining certain insurance benefits. In prior years, the amount of allowance in excess of elected benefits was credited to a capital accumulation account (CAA) with various deferred vesting dates of at least two years from the first day of the plan year, distributable upon vesting while employed by a Carilion Clinic affiliate, death, disability, or 24 months following certain qualifying separations from service. Deferrals no longer occur under this plan. \$229,385 was distributed under this plan in the reporting year.

<b>Return Reference</b>	<b>Explanation</b>
Schedule J, Part I, Line 7 Non-fixed payments	The organization pays annual "at-risk" compensation to certain members of management based on performance of an applicable scorecard. While the scorecard contains a formula as a basis for determining overall performance, in certain cases, senior managers have discretion to include additional elements in their assessment of managers reporting to them. In addition, for top management, the actual non-fixed payment awarded is in the discretion of the Carilion Clinic Board of Directors and its Compensation Committee.

Form 990, Part III, Line 4a Program Service Accomplishments	<p>Carilion Giles Community Hospital (CGCH), part of Carilion Clinic, is a not-for-profit healthcare organization committed to improving health outcomes for every patient while advancing the quality of care in the community it serves. Located in Pearisburg, VA, this 25-bed critical access hospital provides 24-hour emergency care, advanced diagnostic procedures, minimally invasive surgery, nuclear medicine studies, respiratory services, and comprehensive rehabilitation programs. CGCH exists to serve the health care needs of its community, regardless of a patient's ability to pay. The hospital admitted 1,080 patients and provided 5,487 days of care during the year. Hospital programs include provision of nursing care; swing bed services; extensive outpatient and inpatient surgical and endoscopic services; and diagnostic imaging services including CT, MRI, sonography, and mammography. Several specialty practices and clinics for orthopaedics, general surgery, cardiology, urology, neurosurgery, plastics, pulmonary, and ENT are located at the hospital. CGCH also provides integrated and comprehensive primary care services through multiple Rural Health Clinics, serving over 212,009 patient visits. CGCH delivers several services targeting the specific health needs of its population, including diabetes management, comprehensive physical, speech, occupational therapy programs, and participation in cardiac rehab and disease management programs. CGCH provides an emergency department with 24-hour care and emergency transportation. With 10,480 visits, emergency services are a critical component of the health safety net in its service area, acting as a primary health provider for a significant number of uninsured patients, who comprise nearly 5 percent of ED visits. CGCH supports community screenings and education on chronic disease prevention and management, as well as provided essential support and coordination for a community-based medication assistance program. In furtherance of its mission, CGCH provides extensive uncompensated care and community support. Stated at cost, financial assistance and other community benefits for the year exceeded \$1.8 million.</p>

<b>Return Reference</b>	<b>Explanation</b>
Form 990, Part VI, Line 12c Conflict of interest policy	<p>Our organization monitors and reviews proposed and current transactions for conflicts of interest in a variety of ways. At the governing board level, we have board members complete an initial (upon appointment) and annual conflict of interest questionnaire to disclose actual or potential conflicts. Board members are required to update their disclosure as needed in between questionnaires. All disclosures are reviewed by the Compliance Office and as needed escalated to the appropriate leaders/board members for further discussion/review. If a disclosure is viewed as an actual or potential conflict, an action is recommended to the Compliance Committee of the Carilion Clinic Board and implemented as approved. Actions can include recusal in discussion/voting at board meetings, limitation/termination of the transaction, removal from board appointment or other appropriate controls. In addition, at any time, board members are encouraged to disclose any potential conflicts as they arise at a board meeting and to recuse themselves as deemed appropriate. The same process takes place as described above for key employees (upon hire and annually thereafter), including all officers, members of the management team, physicians/mid-level practitioners, pharmacists and key supply chain buyers. After review and further discussion as needed, action may be required to manage an actual conflict or to reduce the appearance of such as approved by the Compliance Office and other key management team members. As needed, the governing board leaders are notified of any conflicts which may impact board proceedings.</p>

<b>Return Reference</b>	<b>Explanation</b>
Form 990, Part VI, Line 15a Process to establish compensation of top management official	<p>The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of independent Board Members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. With respect to Carilion Clinic, the Compensation Committee reviews the compensation of the Board of Governors annually, which includes the President and Chief Executive Officer, the Executive Vice Presidents (Chief Financial Officer, Chief Medical Officer, Chief Operating Officer, Chief Administrative Officer and Chief Legal Officer), and select Senior Vice Presidents who are the physician Chairs of the Clinical Departments. For the fiscal year covered by this return, the Compensation Committee also used the same process to review the compensation of other Disqualified Individuals, including the Hospital Vice Presidents. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders, which includes Vice Presidents, Senior Vice Presidents, Executive Vice Presidents, and the CEO, as well as the compensation philosophy for employed physicians. Some officers of the organization who are not compensated in their capacity as an officer but rather in their role as employee in a position not mentioned above are not subject to Committee review. This review included review of a comprehensive report from an independent, outside compensation consultant specializing in healthcare organizations for certain select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonus, at-risk and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, the list of which was reviewed by the Compensation Committee. The Compensation Committee maintained minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives.</p>
