To provide as complete an overview as possible of the health behaviors and perception</p>

Form and Line Reference	Explanation
Schedule H, Part VI, Line 5 Promotion of Community Health (Continued)	<p>s of Hillsborough County residents, a 59-question community survey was developed. The primary purpose of utilizing a community survey was to ensure that the voices of Hillsborough County residents were heard, engaging those most impacted by health issues where they live, work, play and raise families. The survey addressed health and lifestyle behaviors, quality of life and access to care. The community survey used validated and reliable questions obtained from state and national needs assessments, passed a rigorous literacy review and was available in English, Spanish, and Creole. In addition, the All4HealthFL Collaborative engaged a health equity expert to validate the verbiage of survey questions and responses to ensure equity for all respondents. Intentional and strategic outreach was integral in getting a robust and representative response rate. Due to the ongoing COVID-19 pandemic, surveys were primarily deployed electronically, using either a direct link or QR code for easy access. The collaborative was prepared for this and leveraged our partners across the county to ensure that the voices of our residents were heard. Even during the challenges posed by the pandemic, the survey was disseminated in libraries, churches, food pantries and community centers. This strategy allowed for engagement of low-income, minority and medically underserved populations. A county-wide prioritization meeting was held in the spring of 2022 with community members to rank the needs identified in the collected data. Top priority areas identified included Behavioral Health (Mental Health and Substance Use), Access to Health and Social Services, and Exercise, Nutrition and Weight. (Continued)</p>

<p>Schedule H, Part VI, Line 5 PROMOTION OF COMMUNITY HEALTH (CONTINUED)</p>	<p>BayCare's Children's Wellness and Safety Center is committed to keeping kids and families healthy, safe, and informed through a multifaceted outreach approach focusing on community education, unintentional injury prevention, children's health and wellness, and legislative advocacy. In 2022, the BayCare Wellness and Safety Center educated more than 81,143 children and their families through community programs and events across BayCare's footprint. Recognizing that behavioral health needs among hospital patients are varied and that hospitalization itself is stressful, BayCare hired Behavioral Health Liaisons in many hospitals across our system. Behavioral Health Liaisons are trained therapists who work with a wide variety of patients to offer care and connect them to resources beyond their hospital stay. Our liaisons help patients with issues from anxiety over a new diagnosis to complex substance use disorders, often facilitating follow-up care with outpatient providers. The liaisons also provide care for our team members. BayCare's Community Health team develops community partnerships with area agencies, providing wellness education and disease prevention screenings directly into area neighborhoods. Community Health participated in 192 events and programs in 2022 and was able to promote better health to more than 2,700 people. BayCare's Healthy Living Coach program provides 5 free clinics/federally qualified health centers located in high-risk neighborhoods within the region. In 2022 BayCare continues to provide funding support for 5 trained Healthy Living Coaches that are responsible for providing in-person, telehealth, and telephonic coaching for those living with diabetes or pre-diabetes. Coaches provide support in decision making, motivation, and resource navigation in managing their diagnoses. Faith Community Nursing offers a unique partnership between St. Joseph's Hospitals and the faith communities of Hillsborough County. Our Faith Community Nurses and Health Ministers work to improve the health of their faith community by encouraging preventive care and referring members to the appropriate health resources. In 2022 across BayCare, our Faith Community Nursing team of 309 nurses and 89 community health promoters had direct contact with 59,902 faith community members, provided 3,572 referrals and volunteered more than 58,000 hours. BayCare, as a regional anchor institution, was positioned and committed to developing innovative strategies to address food insecurity. *Partnering with Feeding Tampa Bay, BayCare worked to engage high risk patients who were also food insecure and connect them with a Healing Bag of 2-3 days of non-perishable food upon discharge. The Healing Bags also contained simple to read resources to assist patients in finding help within their community. In 2022, the project provided 5,908 Healing Bags to patients screened as food insecure. This successful project is the first of its kind regionally and will be expanded in 2023. *In collaboration with Feeding Tampa Bay, BayCare partnered with 42 schools in Hillsborough, Pasco, Pinellas, and Polk Counties to provide students and their families food through the Feeding Minds School Pantry program. BayCare's Clinical Research Operations Teams provide specialized staffing support to Principal Investigators across BayCare Health System in the conduct of clinical research involving human subjects. The primary purpose is to increase access opportunities for participation in clinical research by both clinicians and patients in an effort to provide potentially life-changing care for patients today and to advance the science of medicine for future generations. Cutting-edge inpatient and outpatient studies focus on pharmaceutical and device trials, infectious diseases including COVID-19, and pediatric and adult trials including investigational research in hematology, oncology, cardiology, and tissue banking studies. Schedule H, Part VI, Line 5 Promotion of community health	<p>Our mission at St. Joseph's Hospitals as part of BayCare Health System (BayCare) is to improve the health of all we serve through community-owned services that set the standard for high-quality compassionate care. By focusing on education and prevention, we strive to create a healthier community and lower health care expenditures. Founded by the Franciscan Sisters of Allegany in 1934, the mission of the St. Joseph's Hospitals has always centered around service, compassionate care and treating individuals with dignity and respect. Pair that with the advanced medical technologies and outstanding physicians you will find at St. Joseph's today and the result is the exceptional care we deliver to our patients every day. St. Joseph's Hospitals is comprised of 5 hospitals in Hillsborough County, Florida, including St. Joseph's Hospital, St. Joseph's Women's Hospital, St. Joseph's Children's Hospital, St. Joseph's Hospital-North and St. Joseph's Hospital-South. A majority of the organization's governing body is comprised of persons who reside in the organization's primary service area who are neither employees nor independent contractors of the organization, nor family members thereof. The organization extends medical staff privileges to all qualified physicians in its community for some or all of its departments or specialties. The organization uses surplus funds for improvements in facilities and equipment, patient care, medical training, education, and research. Whether it is financial assistance for medical care for the uninsured or underinsured, donated resources to local non-profits, or education classes and support groups hosted by our team, we selflessly give back to improve the health of the communities that surrounds the hospitals. Community Involvement: St. Joseph's Hospital's Board of Trustees is comprised of a diverse set of community members who believe in the mission, values, and vision of St. Joseph's Hospital and who donate their time, talent and support. The primary responsibility of the Board is to focus on quality outcomes, community health and oversight by ensuring decisions and actions conform to St. Joseph's Hospital's strategic plans and budgets and produce intended results, assuring we fulfill our mission. Conduit for using Donated Funds: BayCare has received funding from Allegany Franciscan Ministries to provide capacity and support to our Faith Community Nursing program to reduce unnecessary hospital utilization and improve health outcomes for participants. Funding of \$90,000 awarded in 2022 supports this work across BayCare Health System. BayCare has also received funding from Allegany Franciscan Ministries to provide assistance to those who face financial barriers in getting their needed prescription medications. Medication assistance coordinators work with patients to determine if there are vouchers available or work with the patient's doctor to see if a more cost effective, alternative medication is available. Annual funding of \$50,000 provides support for this program across BayCare Health System. BayCare has received funding from Allegany Franciscan Ministries to support Hope Health. Hope Health is co-located on the grounds of Pinellas Hope, an outdoor homeless community managed by the Catholic Charities Diocese of St. Petersburg. Part of Hope Health is the Medical Respite Program (MRP), a 10-unit, safe, secure place for continued recuperation after an acute hospital encounter for patients with no permanent or transitional housing available at discharge. MRP enables homeless patients an opportunity to heal and recover while providing continued wound care, IV antibiotics, assistance with medication management, and scheduling and attending medical follow-up appointments. Funding of \$60,000 awarded in 2022 supports this work. The Florida Department of Health provides funding support for the Gettin' REAL program that employs a comprehensive, collaborative community-based approach to address disparities in the health outcomes of minority populations related to diabetes and cardiovascular disease across Pinellas, Hillsborough, Pasco, and Polk Counties. In 2022, through funding support, BayCare provided screenings to 2,009 individuals, and made 2,951 referrals to lifestyle-change programs (Get into Fitness Today, National Diabetes Prevention Program, Diabetes Education Empowerment Program, and the FL Tobacco Quitline), food insecurity services, and instructor-led physical activity to achieve the best possible results for the most vulnerable. Home visiting services begin prenatally or soon after the birth of the baby and can last up to five years depending on the unique needs of the family. Families are also linked to a medical provider and other family support services they need during their participation in HFF. HFF is based on a set of research-based critical program elements and standards of the Healthy Families America model. Inpatient and outpatient services include acute care, primary care, imaging, laboratory, surgery centers, wellness centers, behavioral health, home care and urgent care. BayCare's 2022 Report to the Community can be viewed at BayCare.org/Annual-Report. BayCare's 16 hospitals are Bartow Regional Medical Center, BayCare Alliant, BayCare Hospital Wesley Chapel, Mease Countryside, Mease Dunedin, Morton Plant, Morton Plant North Bay, St. Anthony's, St. Joseph's, St. Joseph's Children's, St. Joseph's Women's, St. Joseph's-North, St. Joseph's-South, South Florida Baptist, Winter Haven and Winter Haven Women's. (In certain cases, hospital locations with the same tax identification and state license number are listed as one facility on Form 990, Schedule H, consistent with IRS reporting guidelines.) During 2022, BayCare continued construction of two new hospitals to provide acute care services in parts of the region experiencing rapid population growth: BayCare Hospital Wesley Chapel opened in March 2023, and construction progressed on a replacement South Florida Baptist Hospital near its current location, with opening expected in late 2023. BayCare celebrated its 25th anniversary in 2022. It was founded in 1997 after leaders of several of the area's independent, not-for-profit hospitals began discussing ways to ensure that high-quality, not-for-profit health care would remain a viable option for the Tampa Bay community for decades to come. The founding hospitals agreed to sacrifice some of their autonomy to be operated by a new entity, BayCare. With \$5.1 billion in operating revenue in 2022, BayCare is now a fully integrated health system dedicated to providing high-quality, compassionate care to all we serve, regardless of their ability to pay. BayCare has 3,946 hospital beds, 21 urgent care centers, 4 surgery centers, 15 outpatient imaging facilities, 193 physician practice locations and 36 walk-in care stations in Publix supermarkets. BayCare annually generates \$8.5 billion in economic impact in the region and state. BayCare is one of the largest employers in the Tampa Bay area, with 29,402 team members. During 2022, BayCare provided \$699.7 million in benefits for its employees, including \$218.8 million in retirement, \$192 million in medical insurance, \$174 million in paid time off and \$53 million in education and development. In 2022, BayCare provided \$492 million in total Community Benefit, including \$332 million in Medicaid and other income-based programs, \$97 million in traditional charity care and \$63 million in unbilled community services, all measured in unreimbursed costs. After a Community Health Needs Assessment conducted in 2019 identified food insecurity as one of the top issues in the Tampa Bay and West Central Florida regions - an issue only exacerbated by the pandemic - BayCare stepped up to help not just our patients, but individuals and families throughout the area we serve. BayCare partnered with not-for-profit Feeding Tampa Bay and in 2022 helped to fund food pantries in 42 public schools in lower-income neighborhoods across four counties. In 2022, BayCare distributed more than 9,200 "Healing Bags" of food to our patients who identified food insecurity as a problem. BayCare also adjusted its patient record system to prompt case managers to ask every vulnerable, high-risk patient about food insecurity and record the answer so that hunger can be diagnosed and treated like other medical problems. During 2022, 103,000 patients were asked those questions and their answers were recorded in their electronic medical records. BayCare's financial strength, the efficiencies gained from its operating model, its visionary leadership, the hard work of its team members, and its determination to provide exceptional care to its patients helped BayCare in 2022 retain its ranking in the top 20% of large U.S. health systems clinical excellence by Fortune/Merative. Twenty-five years after it was created, BayCare is achieving the goal of its founders to preserve not-for-profit health care for the communities of Tampa Bay and West Central Florida, and it is fulfilling its Mission as an organization to "improve the health of all we serve through community-owned services that set the standard for high-quality, compassionate care."</p>

Although the majority of the overarching goals, objectives and efforts focus on these top three focus areas, St. Joseph's Hospital remained committed to supporting positive advancements in addressing diabetes, heart disease and stroke, while addressing the focus area of exercise, nutrition and weight. There were five additional health focus areas identified through the CHNA. These were: * Cancer * Immunization and infectious disease * Maternal, fetal and infant health * Oral health * Respiratory disease These remaining health needs are significant, but they're not directly addressed in 2020-2022 health improvement plan strategies. However, they continued to be impacted through existing hospital strategies for clinical excellence and St. Joseph's Hospital partnerships within the community, including the Florida Department of Health and community organizations who may be in a better position to address these health issues.
